

Setting up Field 1 (Large field for Under 12s to All Ages)

The equipment to set up Field 1 (Full Sized Pitch) is located in the storage room. This is the field closest to Best Road (above diagram). There is a bin that contains nets, peg, flags and hammer. The substitutes benches are also located in the storeroom, likely already in the bin. The ladder located on the side of the storage door can be used when setting up the net on the cross bar. The next section goes through the field setup.

Goal Nets

	Instructions	Example
1	All nets and the equipment are located in the bin provided (incl. the pegs and hammer)	

2	Ladders are located on the right side of the storage room, right next to the door.	
3	Take out the net from the bin and lay it out behind the goals	
3a	Look for the corner section, there should be a red flag. This will be where the net will go on corner of the goals.	

3b	Next, clip on the net by turning the clip so that the bottom section of the clip can fit through the gap.	
3c	Then by twisting the clip 90 degrees as it locks into place	
4	Continue with the rest of the frame of the goals	

5	Next, peg down the net, starting at the back corner. Pull the net, ensuring it is tight and then peg it down with the hammer. Place 3 more along the back and 1 on each side.	
6	The nets should be set up like the picture to the right, ensuring that there is not gaps to let the ball through. Leave the bin and ladder behind the goal, once both goals have been setup.	

Corner and Halfway Flags

	Instructions	Example
1	Corner and halfway flags are in the bin with the rest of the equipment	

2	Place 4 flags on each of the corners of the fields	
3	Place 2 flags on either side of the halfway line. Not on the line, but 1 metre outside the line	

Players / Technical Area & Referee Seats

	Instructions	Example
1	Benches for the player / technical areas is in the bin with the rest of the equipment	

2	Seats for the referees are in the storage room in one pile	
3	Unfold and the pull the legs out of the benches, ensuring the legs lock into place.	
3a	Ensure you push the lock clip into place on the underside middle section.	

3b	Place 1 bench in each player / technical areas	
4	Place 3 seats on the half way line for the referees	
4a	Leave the fishing net for the ball along the back fence behind the referee chairs	
5	This is how the technical area should be set up	

6	Lastly, place the official areas banner on the entrance to the that side of the ground
