

Packing up Half 2 Field (Under 9 to 11)

After the last scheduled game on this Half 2 field (the field closest to the Railway Track as per the diagram). All the equipment is to be returned to the storeroom. The goals are to place on the right-hand side of the storeroom when you walk in through the doors. All the equipment is then placed into the bin (nets, benches, pegs, hammer, wheels). The next section provides the details on how to pack up the equipment.

Goal

	Instructions	Example
1	Remove the pegs from the side and back of the goal frame, by lifting the goal frame and the taking the peg out.	

2	Wheel the goals back to the storage room so that it can be take apart.	
3	Next, take the net off the goals. Unstrap the clips and remove the net. LEAVE the strap on the goal frame (for when it needs to setup next time)	
3a	Leaving the strap on the goal frame. Continue with removing the net off the goal frame	

3b	Packing up the net, place on the ground and fold it in half (length wise)	
3c	Roll the net up from both ends loosely. Then place at the bottom of the equipment bin	
4	Next, been to fold the goals up for it to fit into the storage room. First, start with the bottom back frame piece. Unclip from the corner section.	

4a	Take the clip off the corner connection section	
4b	Pull out the rod piece	
4c	Leave the clip in the corner piece section	

4d	Fold the bottom back frame section in half, by pressing on the button connector and pull it apart.	
4e	Place the folded section together with rubber ends away from it other	
4f	Using the vector straps (they should been in the bucket), strap the section together	

<p>4g</p>	<p>Both bottom section should be folded and strapped as such.</p>	
<p>4h</p>	<p>Next, is to fold the main goal frame into half. Start by laying it on the ground and the taking the cross bar section</p>	
<p>4i</p>	<p>Halfway on the cross bar, pull it apart, by pressing on the button and pulling it apart</p>	

<p>4j</p>	<p>Fold the goal frame in half. The strap it together with the Velcro straps (1 on the cross bar, 1 on the posts and 1 on the back support</p>	
<p>5</p>	<p>Move the 2 goals into the right side of the storage room. These goals are place after the U8 goals have been place. 1 goal faces outwards and the other goal faces inwards. The cross should be place on the of the U8 goals. The back bottom section is placed on the bottom of the floor.</p>	
<p>6</p>	<p>All of the square pegs and hammer are placed into the bucket (then goes into the bin)</p>	

7	All of the equipment is then placed in to the bin (nets on the bottom), benches and then the posts, the bucket with the pegs and wheels.	
8	All of the equipment should be packed away as such for all grounds	

Corner and Halfway Flags

	Instructions	Example
1	Collect the 6 corner and half way flags from the ground.	

2	The flags are then placed into the bin after all of the equipment have been placed into the bin.	
---	--------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------

Players / Coaches / Technical Area

	Instructions	Example
1	Collect the 2 player benches and the 1 game leader seat on the player and referee areas.	
2	Fold the benches, by unlocking the clip on the underside of the bench. Unlocking the legs and then fold the bench in half.	

3	The folded benches are place into the bench with the rest of the equipment	
4	Chairs go back into the storage room on top of the other chairs
